### **Law on national minority rights in BIH adopted on 5 October 2005**

On 5 October 2005, the proposed amendments to the Law on National Minority Rights were unanimously adopted by the House of Peoples of the Parliamentary Assembly of Bosnia and Herzegovina. These amendments were based on an initiative taken by the local EWPPP partner, the Centers for Civic Initiatives, in the framework of the project *Legislatures and Citizens*. This was the first time that the Parliamentary Assembly adopted proposals based on an NGO initiative in Bosnia and Herzegovina.
